The selection and retention of university presidents does not differ significantly from the selection and retention of other administrators who are members of the faculty. Where the presidents are individuals drawn from a faculty, they desire to retain their academic associations. As in the case of other administrators who are faculty members, personnel and institutional considerations may arise which might make it appropriate for presidents to return to full-time faculty responsibilities. The opportunity to do this should exist within the university itself. The Board of Regents regards this as a personnel matter common to administrators who hold faculty rank

and wishes to treat the university presidents in the same way as it does other university administrators who have faculty rank. To this end, the Board acknowledges its faculty commitment to the president and will provide for the return to the faculty of a president. In doing so, the Board will consider the president's standing in regard to peers in the discipline and the need for reorientation to the discipline.

4.27 Time Off for Grievance Investigation for Employee Representatives

The Board interprets the Merit System Rule 3.129 as not providing employee representatives with unlimited and unconditional released time to investigate grievances personally. - B. If deemed necessary by the grievant, the grievant may request released time from work for a representative to investigate a grievance at any time following the oral stage of Step 1 of the grievance procedure.

3. Stalking.
4. Threats with a weapon (display of a weapon accompanied by statements or actions which cause justifiable fear or apprehension).
5. Verbal or other threats of physical or sexual assault.
6. Damage or destruction of another's private property for the purpose of demeaning the owner or owners.

4.33 Drug-Free Environment and Controlled Substances

- A. It is the policy of the Board of Regents, State of Iowa, to provide a drug-free workplace and learning environment for students and employees of Regent institutions and the Board Office. The unlawful possession, use or distribution of controlled substances by students and employees on property owned or leased by a Regent institution or in conjunction with a sponsored activity of an institution governed by the Board is strictly prohibited
- B. The unlawful manufacture, distribution, dispensation, possession, or use of a controlled substance at any institution under the governance of the Board of Regents, State of Iowa, or at any activity sponsored by a Regent institution is prohibited. Violations of this policy shall result in sanctions pursuant to appropriate institutional procedures for employees or students.
- C. The Board of Regents recognizes that the abuse of controlled substances, including alcohol, can interfere with the ability to perform important functions physically, mentally and socially. All employees are expected and required to report to work in an appropriate mental and physical condition to carry out their responsibilities safely and effectively, absent any impairment because of use of controlled substances and alcohol. Failure to comply by the employee with this expectation may result in serious disciplinary sanctions, up to and including the termination of an individual's employment. In cases in which an institution has probable cause to believe an employee's ability to perform the employee's duties is impaired due to the use of alcohol or controlled substances, the institution should confront the employee and require testing and/or treatment. Failure to comply by the employee would be the basis for serious disciplinary action. Dependency upon controlled substances and/or alcohol is also recognized as an illness that poses a major health problem as well as presenting other serious safety and welfare implications for employees and students on the campus. D. Institutions governed by the Board shall make available to students and staff educational programs directed toward the elimination of substance abuse. Employees with drug or alcohol problems are encouraged to use employee assistance programs or other community-based assistance programs as appropriate. Students are encouraged to seek assistance via appropriate counseling programs.
- E. Pursuant to the Drug-Free Workplace Act of 1988, employees must report any conviction under a criminal drug statute for violations occurring while conducting official business on or off Regent premises. Such a report must be made within five days following the date of conviction.
- F. The University of Iowa, Iowa State University of Science and Technology, University of Northern Iowa, Iowa School for the Deaf, and the Iowa Braille and Sight Saving School shall develop institutional policies consistent with the Board policy. Such institutional policies shall be disseminated to employees and students.

- G. Pursuant to the U.S. Department of Transportation regulations implementing the Omnibus Transportation Employee Testing Act of 1991, employees in safety sensitive aviation, motor carrier, or mass transit positions in Board of Regents institutions will be required to submit to mandated alcohol and drug testing, consistent with regulations.

4.34 Evaluation

- A. Evaluation of Institutional Heads

1. Institutional heads will be evaluated annually between the months of June and September. The institutional head will be provided with an opportunity to submit a self-evaluation as determined by the Board from time to time. Other evaluation sessions may be conducted by the Board with the institutional head at any time the Board deems appropriate.
2. The evaluation shall address such issues as the operations and management of the institution, effectiveness of the planning process, external relationships, and other issues selected by the Board.

- B. Evaluation of Institutional Officials and Other Administrators

1. The institutional head is responsible for ensuring that all institutional officials and other administrators who report to the institutional head receive an annual written evaluation that reflects the individual's accomplishments relative to the goals and mission of the institution as related to the individual's areas of responsibility. A written evaluation shall be completed at least once during each fiscal year. Other evaluations of an individual may be conducted at the discretion of the institutional head.
2. All other administrators who do not report directly to the institutional head shall receive an annual written evaluation by the administrator to whom each reports.

- C. It is the policy of the Board of Regents, State of Iowa, that all other employees will receive a written evaluation annually from their supervisor or the person to whom they report.

4.35 Catastrophic Illness

- A. Policy

Eligible employees may donate accrued vacation leave to another eligible employee for use as sick leave during a catastrophic illness or injury. Eligible employees are nonorganized faculty and staff who accrue vacation.

This contribution to an employee is converted to sick leave and used for a catastrophic illness or injury when the employee has exhausted all the sick leave, vacation, converted sick leave and compensatory time to which that employee is

otherwise entitled and has not yet satisfied the waiting period for long-term disability benefits.

B. Definition of Catastrophic Illness or Injury

“Catastrophic illness or injury” means an illness or injury resulting in a medical condition for which a physician has certified the condition is likely to result in a loss of 30 or more work days.

C. Eligibility

All faculty and staff who accrue vacation and are eligible for long-term disability coverage are eligible to receive donations provided that they meet the standard and provide the certification as set forth in item B. above, have exhausted all paid leave and are not receiving any other supplemental payments (e.g., worker compensation or long-term disability).

D. Relationship to Policy Under Collective Bargaining Agreements

Nonorganized faculty and staff covered by this policy are able to contribute vacation to and to receive vacation from those covered by collective bargaining agreements, which contain reciprocal catastrophic illness policies.

E. Leave can only be transferred between employees in the same Regent institution.

F. Leave shall be donated in increments of one hour or more.

G. Leave shall be calculated and distributed in actual hourly dollars.

H. The total leave donations received by an employee shall not exceed the amount necessary to cover the long-term disability waiting period.

4.36 Professional and Scientific Staff Policies

The Regent institutions and the Board Office shall develop policies for Professional and Scientific employees addressing terms and conditions of employment.

4.37 Phased and Early Retirement

A. Phased Retirement Policy

Eligibility: Faculty of Regent universities and the special schools and professional and scientific staff of the Regent institutions and Board Office who have attained the age of 57 with at least 15 years of service with the Board of Regents are eligible for participation in the phased retirement program. Merit system employees who have attained age 60 and have at least 20 years of service with the Board of Regents are eligible for participation.

Approval: At various levels within the institution, no right to enter a phased retirement agreement without approval by all officials as designated by the institutions is conferred by this policy. The Board of Regents will ratify entries into the phased retirement program as a part of the monthly Register of Personnel Changes.

Schedule of Phasing: A staff member may reduce from full-time to no more than a half-time appointment either directly or via a stepped schedule. At no time during the phasing period may an employee hold greater than a 65 percent appointment. The maximum phasing period will be five years with full retirement required at the end of the specified phasing period. Once phased retirement is initiated, employees may not return to full-time appointment.

Compensation: During the first four years of the phasing period, the salary received will reflect the reduced responsibilities plus an additional 10 percent of the budgeted salary, had the person worked full time. In the fifth year following the initiation of phased retirement, the staff member's appointment will be no greater than fifty percent, and the salary will be proportional to the budgeted salary had the person worked full-time.

Benefits: During the first four years of the phasing period, institution and staff member contributions will continue for life insurance, health insurance, and disability insurance at the same levels that would have prevailed had the staff member continued at a full-time appointment. Retirement contributions to TIAA/CREF will be based on the salary which would have been obtained had the individual continued a full-time appointment. As mandated by law, FICA contributions will be based on the staff member's actual salary during the partial or pre-retirement period. The same is true for retirement contributions for those participating in the Iowa Public Employees Retirement System or Federal Civil Service System. Accrual of vacation and sick leave will be based on percentage of appointment.

Duration of Program: Subject to annual review, the program will expire on June 30, 2002, unless renewed by the Board prior to expiration.

Reporting Requirements: Annual report to the Board of Regents. Individual participants will be reported to the Board on the monthly Register of Personnel Transactions.

B. Early Retirement Program

The Board may approve early retirement programs for employees to meet specific institutional needs.

4.38 Loss of License, Registration, or Certificate Required as a Condition of Employment by a Regent Institution Employee

A. Policy:

Since the Regent institutions have numerous job classifications and positions that require employees to be licensed to practice their professions or to drive Regent and/or state vehicles, this policy addressing the loss of license, registration or certificate was developed. The policy complies with IC Chapters 321J (Operating a motor vehicle while intoxicated) and 252J (Child Support – Sanctions).

1. Employees whose job classification or position REQUIRES the possession and maintenance of a license, permit, certificate, registration, or approval in order to perform the essential functions of that position's assigned duties and who subsequently have that license, permit, certificate, registration, or approval revoked, rescinded, suspended, or renewal denied may be, after the exhaustion of all administrative contested case proceedings before the licensing agency, terminated from employment for failure to maintain the necessary qualifications required for that position.
 - a. "Requires the possession and maintenance of" means as stated in the minimum qualifications or selective certification provisions for the job class or positions. NOTE: This definition requires that the specific license, permit, certificate, registration or approval cited must be documented in the class description and/or position description questionnaire.
2. Employees whose job classification or position occasionally require the employee to use a vehicle for the conduct of Regent institution business, and who subsequently have their driving privileges suspended, revoked, or barred either for violations of statutes relating to Operating While Intoxicated, habitual violations, or failure to satisfy court ordered child support payments shall, for the period of suspension, revocation, or bar, not operate any Regent institution or state vehicles.
3. If the job requires the employee to travel, employees whose driving privileges are restricted by a temporary driving permit that requires the installation of an ignition interlock device will either use a personal vehicle or arrange alternate transportation. An ignition interlock device may NOT be installed on any vehicle owned by Regent institutions or the state.

B. Definition of License:

The term "license" shall be defined as a license, certification, registration, permit, approval, renewal, or other similar authorization issued by a licensing authority which evidences the admission to, or granting of authority to engage in a profession, occupation, business, or industry, or to operate or register a motor vehicle.
